### Contemporary oceanfront cottages and house

Some places in Victoria stir the soul, awaken the senses and invite you to simply relax and escape the real world for a while. One of those places is Bear Gully Coastal Cottages.

There is something magical about the setting, with the cottages dotted about a gorgeous coastal garden in their absolute beachfront setting. There is a little beach area that is perfect for swimming, rock pool fossicking and snorkelling. All cottages have a view across Waratah Bay to the islands and mountains of Wilsons Promontory beyond.

Cape Liptrap Coastal Park is adjacent and invites hours of exploration, while the main gates of Wilsons Promontory National Park are only a 35-minute drive away.

Despite all this, with such a sublime location and perfect cottages to call home, it would be a pity to spend too much time away from Bear Gully.

There are four self-contained two-bedroom cottages and one larger two-storey three-bedroom house. Each has been designed to offer privacy and capture those fabulous views. With their bright and casual beachy theme, gas log fires for the cooler months and sprawling hammocks for catching a few rays on a nice day, they make for a perfectly secluded and inspiring getaway.

To complete the picture, enjoy a game of bocce or croquet, or perhaps arrange for a massage to come to you.
